

FREE VAN RENTAL

Fundraising Project

General Information

Free Van Rental

Materials Needed:

1. Director/leader with official “bargaining authority”
2. Proof of automobile insurance
3. Receipt for “donation” value

Description: One club was able to ask their local Ford Dealership to donate the use of two 15-passenger vans to their club!

Tips:

1. Make sure the vans are well insured. You don't want to be left holding the bag for a possible accident!
2. Donations of this type happen **most often** if the group is making a positive impact that is clearly seen in their community. For example, the Ocala Florida Pathfinder club is invited by city government for community service events because THEY know that the Pathfinders will do a good job. Their Pathfinder director is a member of Rotary and other clubs and is known as that "church guy" that has those kids that help others.
3. One club raised \$ by washing the new and used cars on the dealerships lot on Sundays.
